Subject: DRAFT Final Report for OSC2  
Attachments: OSC 2 Final Report DRAFT.pdf

---

I've attached a PDF of the proposed final report for OSC 2. Bill has reviewed this already. This is being sent as a PDF so I could attach the data charts/tables we plan to insert, but we have not inserted them directly into the document because if there are edits to the language, it causes a lot of change in spacing. The charts and quote boxes are a little finicky and hoping this is a little more time efficient. So, each chart/table is labeled where it will be inserted. There should be two to a page in most cases unless for clarity's sake they need to be larger or paging just makes it necessary. The quote from Mayor Luttrell is not yet approved.

We will likely use a different color paper stock for the cover, possibly gray or we could use red (with some alterations to the graphics in that case), so that it will not look the same as the OSC 3 plan document. But this is how it prints out here.

*Let me know if you have any questions! Please review and let us know of any changes to you need us to make, by noon tomorrow if possible. We'd like to get this one put to bed so we can fully focus on finishing the OSC3 plan document. Thanks so much.*
